Lobell Construction Ltd  
P O Box 10214  
HAMILTON

Attention Jonathon Albery

Dear Sir

### To Whom It May Concern

This letter will serve to advise that we have worked with Lobell Construction Ltd over the past four years on three school projects here in Hamilton – namely;

- 1) Rototuna Primary School
- 2) Nga Taitea Wharekura
- 3) Te Totara Primary School.

We were engaged by the project manager appointed by the Client as quantity surveyors with responsibility for the financial management of the three projects whilst Lobell Construction Ltd were engaged as the main contractor – having been the successful tenderer in each case.

The three projects varied in value from \$4(m) to \$6(m).

Each of the three projects had demanding construction timelines in order to meet the Ministry of Education requirements for the opening of the new schools. Lobell Construction Ltd performed well on all three projects, meeting the required deadlines.

During the four years we have built up a good relationship with the management and staff of Lobell Construction Ltd – they appeared to have the necessary systems in place to deal with all eventualities encountered. During the course of the three projects, we did not encounter any problems that could not be amicably settled.

We can recommend Lobell Construction Ltd for any small to medium sized project in the greater Waikato area.

If any further information or details are required do not hesitate to contact the writer.

Yours faithfully  
Duffield Murray Consultants Ltd

K W Duffield
